WASTE UPCYCLING

TRANSFORMING WASTE INTO WONDER

Waste Upcycled, Lives Empowered:

Hunar Tribe breathes new life into waste, transforming discarded materials into stunning creations. This not only diverts tons of trash from landfills but also empowers tribal youth, equipping them with valuable skills and fostering a sustainable future.

EDUCATION

EDUCATING THE NEXT GENERATION

Hunar Tribe builds the minds of tomorrow. We design inspiring learning spaces and empower educators, fostering a love of learning in the next generation.

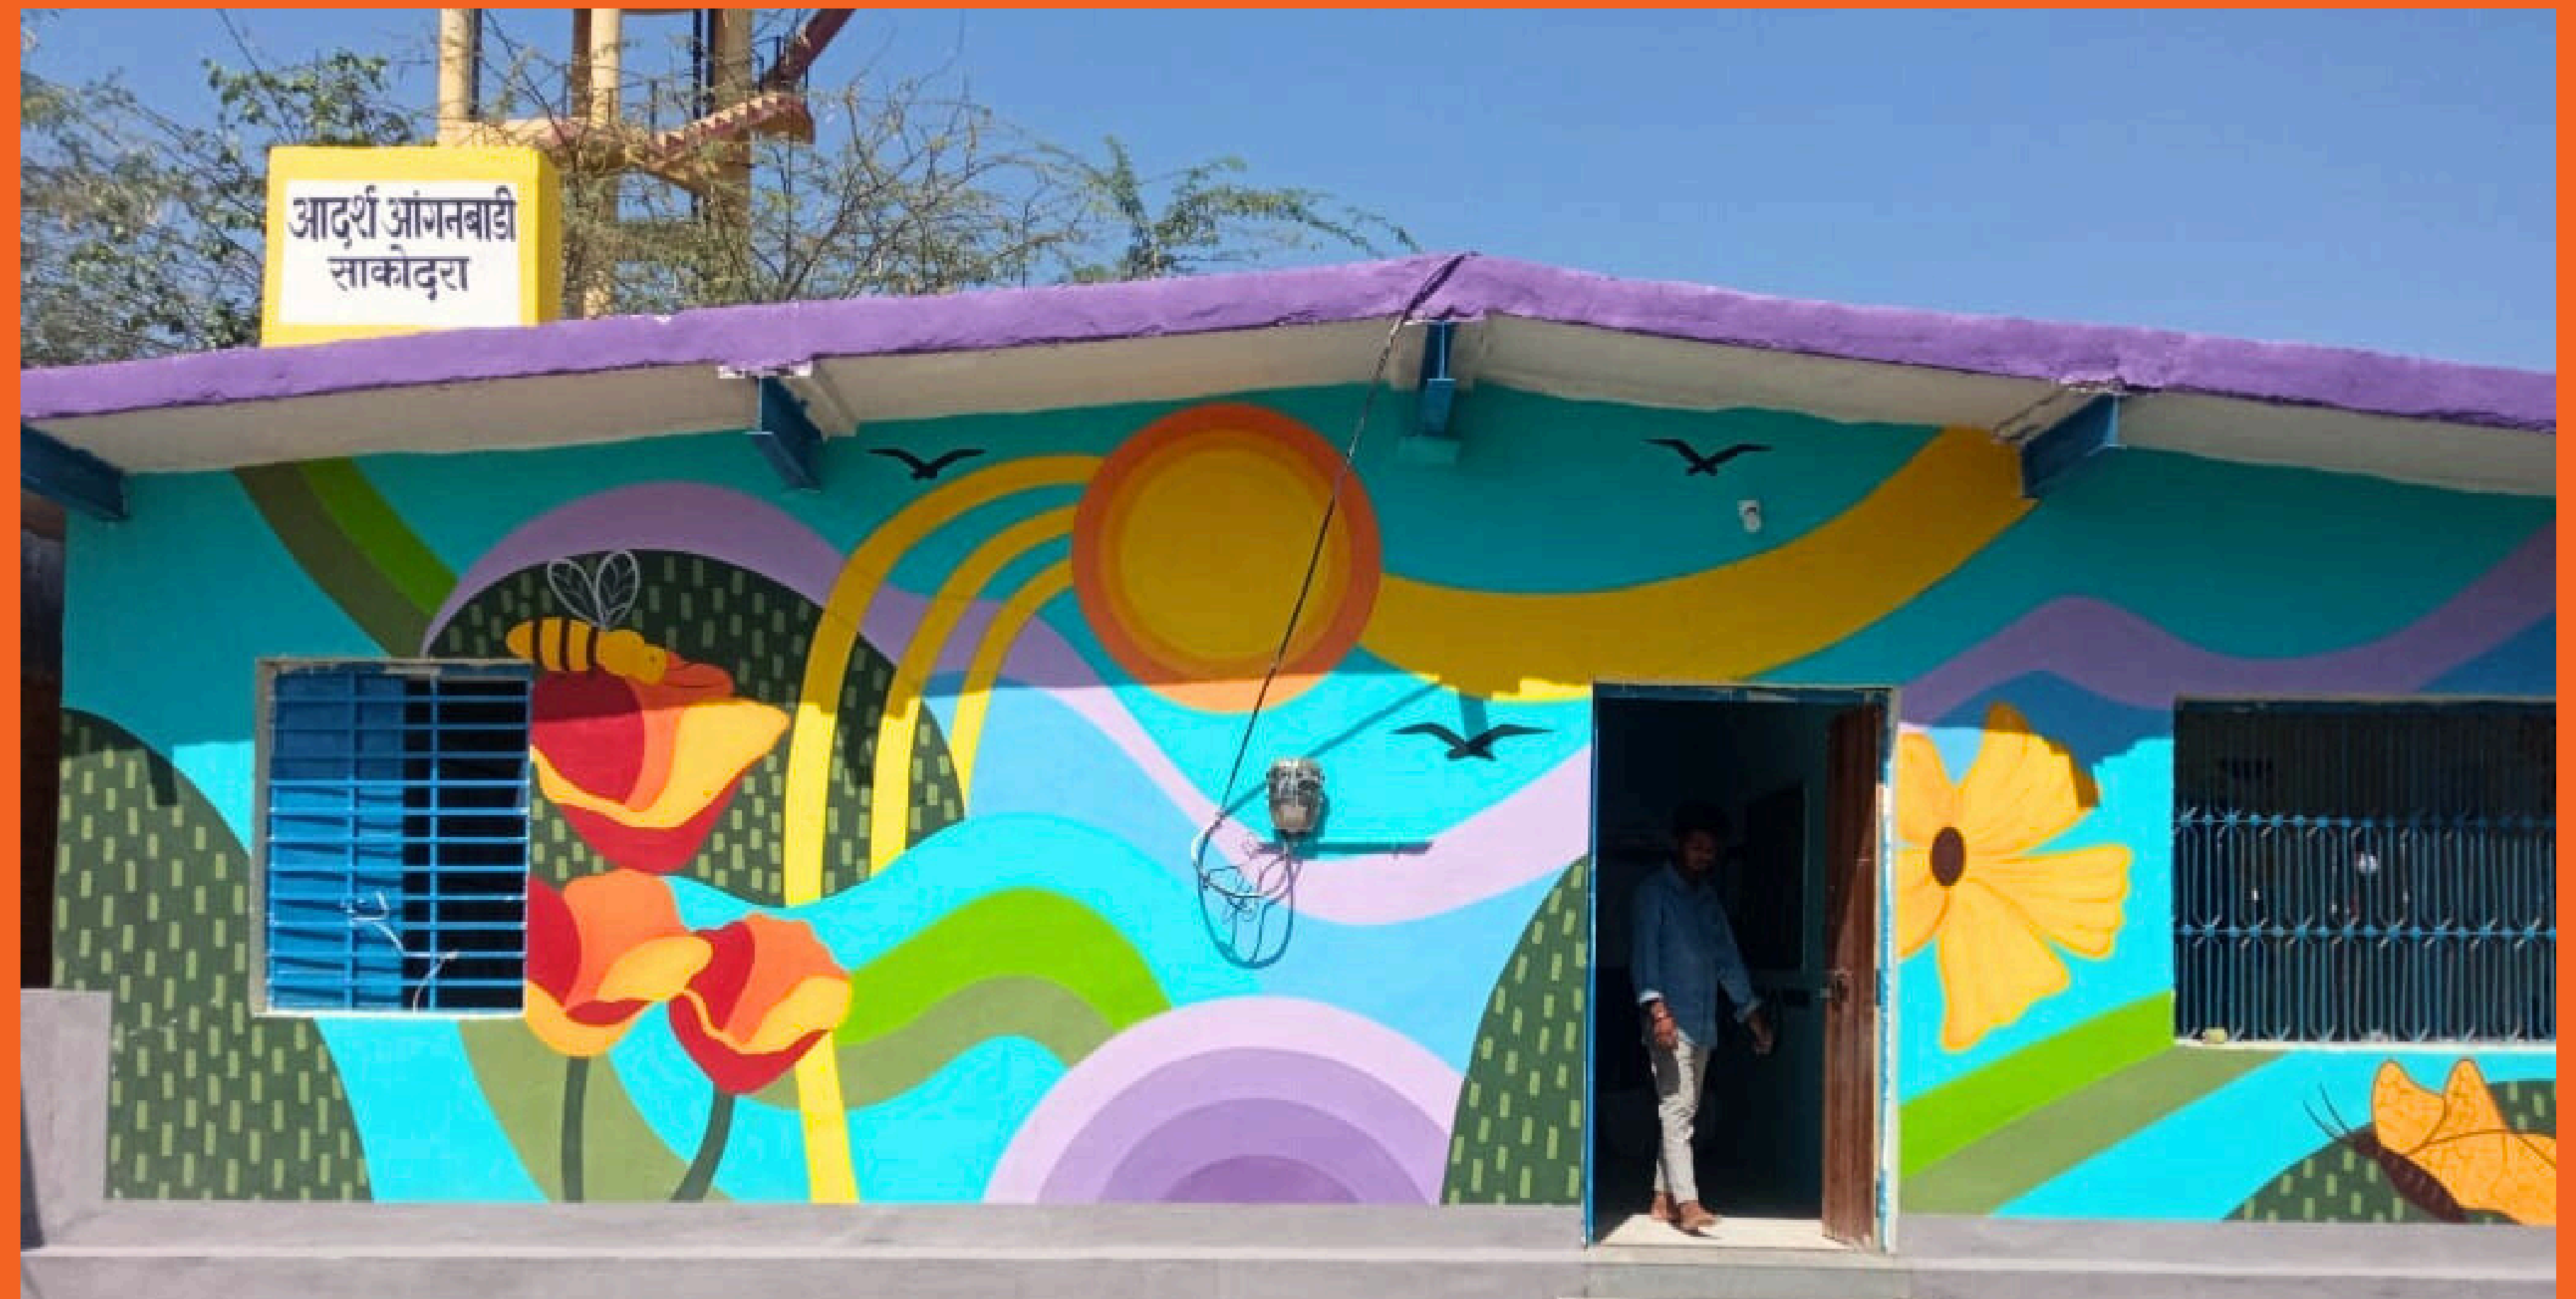

Through engaging workshops and skill development programs, we equip young minds to become the architects of a brighter future.

DESIGN FOR A SUSTAINABLE FUTURE

DESIGNING SUSTAINABLE SPACES

Hunar Tribe reimagines spaces for a sustainable tomorrow. We design cafes, parks, and public areas that are not only beautiful but also eco-friendly. From upcycled furniture to vibrant wall murals, we create functional spaces that inspire and promote a harmonious relationship between people and the planet.

impatced by our edcucational activities.**

30+ Tribal Youth Empowernment

OUR VISION

FOUNDER

GAUTAM BHARTI

Focus on Environmental Impact

"Hunar Tribe is weaving a future where discarded materials become the building blocks of a sustainable world. By empowering communities, we can turn waste into wonder and create a healthier planet for generations to come."

CO - FOUNDER

AVANI JAIN

Focus on Social Impact

"Hunar Tribe ignites the potential within tribal youth. We believe that sustainability is not just about the environment, but also about empowering people. By nurturing skills and fostering creativity, we're building a future where discarded materials and untapped potential are transformed into a thriving community."
